

## THE RRA CONVENTION ON-LINE....

During the RRA Convention, we are planning to upload sound files of major presentations, we hope soon after they are delivered. These files should be available at the "Members section" of [www.therra.org](http://www.therra.org) AND ALSO at [www.reconrabbi.net](http://www.reconrabbi.net). We are also hoping to get some video/audio files uploaded during the convention as well.

The RRA and RRC are also cooperating and collaborating in what we hope (technology willing & working) will be an ongoing Convention Blog where members at the convention can post thoughts, reflections and other ideas, and members not at the convention can have an opportunity to post as well. The Convention Blog will ONLY be available at [www.reconrabbi.net](http://www.reconrabbi.net). Many thanks to our colleague Deborah Glanzberg-Krainin who coordinates ReconRabbi.net for her help in setting up these connections.

As this is our first year experimenting with some of these ways of connecting, we may run into an inevitable glitch, but we hope that most of the time things will work as we hope.

Kol Tuv,

Richard
